## TERMS AND CONDITIONS

1. We encourage shell scheme stand exhibitors to place their graphics orders through RIYARA to avoid damages
2. Exhibitor is prohibited to affix nails, hooks, tacks, screws, adhesives, banners, paint or similar items to any other part of the shell scheme stands. Fixing of any printed graphics provided by the exhibitor will be chargeable based on the no. of panels, etc.
3. The company name and stand number will be supplied on a standard panel fixed to the front and / or side of the shell scheme stand. It is printed in vinyl lettering cut out at 60mm height upper case and the colour is chosen by the show Organiser.
4. Please type carefully or write clearly (upper or lower case) as mistakes will be charged for if they must be corrected. We restrict to 30 characters including spaces, this does not include the stand number.
5. Any changes and request for reprinting that have been made due to illegible writing or incorrect typing will be charged for US\$35.00 per fascia per panel.
6. Electrical socket provided for Shell Scheme stand is a 3-pin UK standard socket. Should there be any requirement for a different type plug / socket the exhibitor must secure a multi-pin plug adaptor.
7. If stand requires power supply above 500 watts or 24 hr continuous power due to coffee machines and other equipments, please contact us via email for further advice and information.
8. The shell scheme stand will be provided with a maximum power supply of 500 watts only per stand. It is sufficient for charging laptops and mobile phones and TV
9. Upon confirmation of order, a high-resolution file and ready-to-print artwork must be submitted not later than 5 weeks prior to the show build. We request to additionally send us the packaged open file for any edits if required.
10. Any damages on the panels or the counter will be charged US\$ 200.00 per panel or US\$ 300.00 per counter to the Exhibiting Company.
11. RIYARA reserves the right to impose charges on any modifications applied to any parts of the Shell Scheme stand.
12. Any type of branding options or any additional electrical requirements (e.g. sockets, extension leads) can be ordered through the Onsite assistance form
